

**Monday morning I went somewhere .  
Where did you go? Where did you go?  
I went to Hawaiï and I met someone.**

**Who did you meet? Who did you meet?  
I met Les Anges and they did something.**

**What did they do? What did they do?  
They went with me and they said something.**

**What did they say? What did they say?  
They said: « We are gonna sing in a club in Hawaiï , and something happened.»**

**What happened? What happened?  
I woke up and I was at a cinema .**
