

**Son:** Mum, can I talk to you now? I'm old and I would like my first mobile phone. Look, all my friends have one and I feel so ridiculous in front of them. If I have a problem I will have my mobile and it's not that expensive. In exchange I'll help you to do the cooking and I'll tidy up my room for three ... er ... two weeks.

**Mum:** It's so expensive ! But if you do the cooking for two months maybe you'll have a mobile.

**Son:** And if I help you with the cooking for only one month?

**Mum:** Two months or nothing.

**Son:** It's so unfair! I want a mobile!

**Mum:** Watch you language, young man!

**Son:** I hate you!

**Mum:** In your room!

**Son:** You are the worst mother in the world!
